Quality Accreditations

Message

from the Chairman & Managing Director

Dr. S. S. Bansal

MD, DM, DNB, FSCAI, FACC (USA)

Fellow of American College of Cardiology

Chairman & Managing Director

Sr. Interventional Cardiologist

(Trained in Rodenberg Clinic Germany,

Mayo Clinic USA)

Every life is precious, every smile is worth millions. I strongly believe that we have one life to live and we should live this life with determination and passion to give our best in work we chose. When I turn back pages of history of last three decades of my professional life, I see thousands of smiling faces of my patients and their families which is my real achievements. With my 30 years of experience in the healthcare industry and specially in cardiology, I have treated more than two lakh heart patients and perform more than 50,000 complex cardiac procedure. It is due to the trust and blessings of you all that I could achieve my goal of providing quality healthcare as per international standards to patient I served.

Being acknowledged as the first cardiologist of Haryana, my journey as medical professional started in 1994 at Escorts Hospital, Faridabad. The trust and confidence of people whom I treated motivated me to start the first dedicated Cardiac Centre in the basement of Sunflag Hospital in 2002 and soon the success of the Centre encouraged me to come up with Metro Hospital, Faridabad, which became a centre of excellence under my leadership not only in the field of cardiology but other specialty and super speciality areas. In my two decades as head of Metro Hospital, Faridabad, I got opportunity to treat not only pan India patients but also International patients with complex heart disorders. Now I have taken over QRG Central Hospital and renamed it as "SSB Heart and Multispecialty Hospital."

The hospital is located in the centre of the city Faridabad and is being run by a team of highly experienced dedicated and qualified doctors having expertise in all specialities and super specialities. We also have facilities for angioplasties, heart bypass surgeries, brain and spinal surgeries, joint replacement, bariatric and laparoscopic surgeries, cancer surgeries, nephrology, dialysis, neurology, urology surgery, and critical care services along with mother and child care.

Our mission is to have "affordable healthcare solution with world-class infrastructure and technology and to bring international standard healthcare for all our patient".

The SSB Heart & Multi-Specialty Hospital is carving a name of trust among both domestic and international patients rapidly and within a very short span, we have provided treatments and done many procedures including complicated one in both Indian and international patients successfully, winning their trust and confidence.

I, as Chairman and Managing Director of SSB Heart & Multi-Specialty Hospital, is committed to serve our community at large in the best possible way and constantly endeavour to provide accessible and affordable world-class healthcare service to our patient with unbounded love and unlimited care with compassion.

Dr. Seema Bansal
Director Admin.

OUR VISION

"Excellence in providing
world class health care
with compassion"

OUR MISSION

Our mission is to provide
accessible and affordable world-class
integrated healthcare services
with state of Art technology and
infrastructure for our patient

About us

SSB Heart & Multispecialty Hospital

Hippocrates once said "Wherever the art of Medicine is loved, there is also a love of humanity". Humanity is an act of kindness and compassion towards other beings which comes from self- less act. SSB Heart & Multispecialty Hospital, Faridabad is true believer of humanity and is committed to serve mankind with humanity, love, care and compassion. The Hospital provides world class health care with state of art infrastructure that is readily accessible, cost effective and meet the needs of society we serve. Established in the year 2007 as QRG Central Hospital, the facility is located in the heart of city Faridabad and has recently been renamed as "SSB Heart & Multi-Specialty Hospital' after it has been taken over by renowned cardiologist of Delhi-NCR, Dr. S. S. Bansal.

Before taking responsibility of "SSB Heart & Multispecialty Hospital" as Executive & Administrative Head, I have served community for more than 30 years in different capacities in my professional life. I have spent 15 years in Government job followed by 10 years of successful management of Metro Heart and Multi-specialty Hospital Faridabad as Director. Together, myself and Dr S.S. Bansal are committed to provide best quality health care facilities to the people of Delhi-NCR as well as abroad at an affordable price.

Here, at SSB Heart & Multispecialty Hospital, we provide advanced, comprehensive, & personalized treatment in all major disciplines with dedicated team of specialist and super-specialists. Within short span of time since takeover, we have been able to treat patients with diversified health issues and medical needs, not only from Delhi-NCR region and Haryana but from Pan-India as well as International patients with great satisfaction of the people we served. The Hospital has 24*7 emergency facilities to cater patients of all speciality field. It gives me immense pleasure and satisfaction to see patient returning back to their home, India or Abroad, with smile on their face and trust and confidence on us in their eyes.

TPA / Insurance / Corporate Desk

Cashless facility available for
patients with health Insurance (Mediclaim).
Approved for CGHS, ECHS & Haryana Govt.
Pensioners & their dependents
All Major PSU'S & Corporates

SSB is pledged to offer credit facility to the patients from Corporates, PSU's and TPA with whom we have tie ups. To initiate the process of credit, one can contact at the TPA Help desk and submit the patient's valid identity proof or other documents. For the convenience of patients, the hospital has established a help desk on the ground floor by the name of TPA/ Insurance desk. It is mandatory to get approval for cashless facility from TPA or the respective corporate or PSU before patient gets admitted for planned procedures.

How-ever, if the patient gets admitted in emergency for life saving treatment then approval for cashless facility must be attained before the discharge. The hospital provides services of technical staff who can guide the patient about the formalities for the respective creditor. SSB Hospital or its staff will completely help in the process of cashless treatment.

In case there is a delay or denial of authorisation from Insurance/ TPA patient/ attendants are responsible for clearing the hospital dues before the patient gets discharged from the hospital. Patient's documents can be forwarded to respective TPA/Credit company after minimum 3-4 working hours post hospitalisation, subjected to submission of credit documents. The average time of cashless approval is 24-36 hours, subjected to fulfilment of all kind of documentary requirements by TPA. The average discharge process for TPA patient is approx 6-7 hours, after the announcement of discharge by the consultant.

Note :

- (1) Consumables which come under non payable category have to be paid by the patient.
- (2) Co-payment if applicable has to be paid by the patient.
